International Journal of Computer Networks and Applications (IJCNA)

Volume 10, Issue 6, November - December (2023) ISSN (Online): 2395-0455

Contents

Regular Papers	Page No
Assessing a Real-time Adaptive Traffic Route Based on Ranking Software Defined Networking (SDN) Cluster of Controllers in a Datacenter	868
Omar M. Mohamed, Tarek M. Mahmoud, Abdelmgeid A. Ali	
Extending the Energy Efficiency of Nodes in an Internet of Things (IoT) System via Robust Clustering Techniques	889
Abdullah A. Al-Atawi	
A Load Balancing Aware Task Scheduling using Hybrid Firefly Salp Swarm Algorithm in Cloud Computing	914
Pankaj Jain, Sanjay Kumar Sharma	
Design of Hybrid Metaheuristic Optimization Algorithm for Trust-Aware Privacy Preservation in Cloud Computing	934
Himani Saini, Gopal Singh, Manju Rohil	
A Survey of Current Detection and Prevention Techniques for Black Hole Attack in AODV of MANET	947
Mohamed A. Ryan, Sayed Nouh, Aly M. El-Semary	
An Energy-Conserved Stability and Density-Aware QoS-Enabled Topological Change Adaptable Multipath Routing in MANET	964
Binuja Philomina Marydasan, Ranjith Nadarajan	
ANFIS-RSOA Approach for Detecting and Preventing Network Layer Attacks in MANET	976
Sivanesan N, Rajesh A, K. S. Archana	
Efficacy Artificial Bee Colony Optimization-Based Gaussian AOMDV (EABCO-GAOMDV) Routing Protocol for Seamless Traffic Rerouting in Stochastic Vehicular Ad Hoc Network	993
M. Kayalvizhi, S. Geetha	
Secure Power Aware Hybrid Routing Strategy for Large-Scale Wireless Sensor Networks	1015
Mohammad Sirajuddin, B. Sateesh Kumar
